

AEQUARE MOCR

Manual Operated Cassette Ramp

The AEQUARE MOCR Manual Operated Cassette Ramp is a basic hand operated ramp for low floor mini busses.

The ramps slide in a steel cassette under the floor, leaving enough space on the floor to place wheelchair.

Once installed the cassette becomes an integral part of the door step.

AEQUARE MOCR Features:

- Simple and robust construction.
- Polyester lightweight sandwich panel ramp of 1000 mm.
- Powder coated steel cassette.
- Thin installation cassette thickness of 30 mm.
- Very smooth transition from ramp to the bus floor for easy access.
- Available with close switch.
