

## VERSA AXS-FX Step

### VERSA AXS-FX Step

The **VERSA AXS-FX Step** is a fixed side step or running board. The lightweight and exclusive profile from the step platform provides a very good anti-slip and the open structure lets snow and rain fall through. This makes the step very well suitable for the Scandinavian winter conditions.

### AXS-FX Step Features:

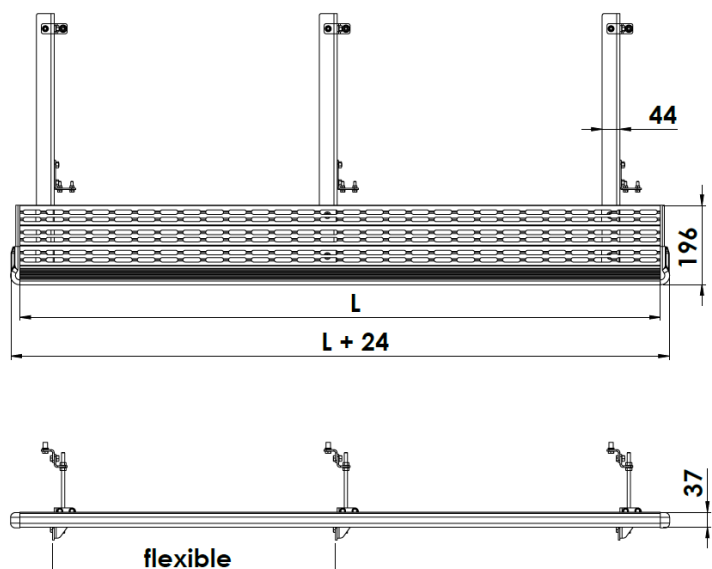

- Build and designed with more than a decade experience.
- High performance Anti-slip R13
- Supplied complete with universal mounting brackets.

### AXS-FX Step specifications:

Dimensions:

Weight including brackets:
